

How to use Apple TV AirPlay

Using AirPlay mirrors your device – so whatever you do on your iPad or iPhone shows up on the TV screen and the audio comes out of the TV soundbar.

Apple TVs located in: Children’s Program Room, Studio, Teen Room, Community Room, History Room, Conference Room

Turn on the TV using remote.

Turn on your Apple device.

Swipe up from the bottom of your iPad/iPhone.

Select “Screen Mirroring” then the name of the Apple TV you want (ie: CHILDREN’S or STUDIO)

The TV should automatically find the correct source and start mirroring your device. If not, use remote to change input until your device screen appears.

Use TV remote to adjust volume up and down.

When done, swipe up on your device and select “Turn off mirroring.”

Turn off TV with remote.

TROUBLESHOOTING:

You may need to “wake up” the Apple TV using the Apple TV remote. Be sure to use the correct remote; they are all labeled on the back. Each remote only communicates with one specific Apple TV.
